INTRODUCTION

The 1917 edition of the Indianapolis City Directory is herewith presented with the belief that it is as complete and accurate as care and experience will produce.

The Directory contains 1960 pages. The Alphabetical Directory of names begins at page 217 and ends at page 1360. Names and changes of address received too late for regular insertion are printed on pages 51 and 52.

Pages 13 to 50 include a variety of miscellaneous information such as the executive, health, police, fire, educational, parks, water works, and other departments; ward boundaries, churches, schools, banks, incorporated companies, the post office, courts, hospitals, clubs, fraternal, benevolent and labor organizations, county, township and federal officials and much other valuable information.

As in former years, the canvass for names did not stop at the City Limits proper, but embraced the immediate suburbs, which to all intents and purposes, in fact in all ways except governmental identity, are a portion of the social, life and numerical greatness of one community, dependent upon Indianapolis for their very existence and yet more or less reluctant to join their destiny with that of the parent city. There are few residing in this territory whose business or employment is not in Indianapolis and it is simply the enumeration of thousands of people within the city to which they really belong.

The *"Buyers' Guide"* occupies pages 53 to 216. The Street and Avenue Guide and Directory of Householders extends from page 1364 to 1758. The Classified Business Directory begins on page 1759 and covers 196 pages.

The General Index, the Index to Miscellaneous Information and the Index to Advertisements will be found on pages 9 to 12.

The publishers exceedingly regret that owing to the shortage of dyes used in the manufacture of colored paper they were unable to procure tinted paper for that section of the book devoted to the Street Guide and Directory of Householders. This, it is hoped, will be remedied in the next edition of the directory.

In the present volume all of the local features which have proved so satisfactory to our patrons in the past have been retained, and several new ones added.

POPULATION OF GREATER INDIANAPOLIS, 300,317.

In this Directory there are listed 120,127 individual names; a conservative estimate of the population is formed by multiplying the number of names by 2½, to allow for the names of married women and children which have not been included. This gives Greater Indianapolis a population of 300,317.

A complete library embracing directories of all the principal cities is maintained in our offices, 320-324, 8 E. Market St., for the convenience and free use of our patrons. For the benefit of our advertisers and as a means of advertising the City and its business interests, copies of this edition of the Indianapolis City Directory will be placed on file in the Directory Libraries in all the larger cities throughout the country.

INDIANAPOLIS

Distinctions Which Give the City Supremacy as a Modern Progressive American Community, Furnished and Compiled by the

Indianapolis Chamber of Commerce

Indianapolis is sixty miles from the center of population of the United States.

It is the geographical center of manufacturing of the United States.

It is in population, transportation facilities and volume of business transacted, the largest inland city, not on a navigable stream, in the United States.

It has a population of 300,317, with more than 2,000,000 people living within two hours ride of the city.

It is the capital of Indiana and in the geographical center of the state, with railroad or electric railway connections with every county in the state.

It has an area of 37.97 square miles.

It is the seat of the following state institutions: Indiana State Fair, Indiana School for the Blind, Indiana School for the Deaf, School of Medicine of Indiana University, the Indiana Girls' School, the Indiana Woman's Prison, the Central Hospital for the Insane.

It has more than 1,200 factories, with 33,000 skilled mechanics employed.

It has twenty-six parks, nearly all public, with 3,000 acres.

It has seventeen steam railroads connecting directly with all the great cities of the Central West, and also with Washington, Philadelphia, New York and Boston.

It has six electric interurban systems, made up of thirteen lines, which in 1915 carried 6,629,642 passengers to and from the city, an average of 18,163 a day, 689 passenger cars being handled each day in the largest and most pretentious interurban station in the United States. Freight cars to the number of 25,511 were also handled by this station.

It has three direct steam roads to the coal fields of Indiana.

It has two steam roads direct to the stone quarries of southern Indiana.

Indianapolis is "First in Quality Cars." More kinds of high-priced automobiles are built in Indianapolis than in any other American city.

It has the greatest motor speedway in the world. The largest paid admission to any sporting event in the history of the world was at the Speedway in 1913.

It has one of the best mile tracks for the training and racing of trotting and pacing horses in America.

The total deposits of our six national banks on December 27, 1916, amounted to $38,244,576.99. The total resources of these concerns are over $65,000,000.

The Post Office receipts last year amounted to $1,820,700.03.

The city has 200 wholesale and jobbing houses, representing all lines of trade, with a market extending well over the Central West.

Indianapolis importations last year amounted to $429,220.00.

It has 293 miles of permanently improved streets.

It has 153 miles of city electric car lines, operating over double tracks with four-cent fare and universal transfers.

The total assessed valuation of Indianapolis property is $249,278,340.

The municipal bonded indebtedness is only $4,805,160.

The total tax rate for state, county, city, school and all other purposes is only $2.69 on each $100.00.

There were 5,819 births and 4,514 deaths in 1916.

Its building permits amounted to approximately $9,000,000 in 1916.

Its real estate transfers in 1916 amounted to $16,767,140.

It has 404.14 miles of sewers.

It has 418 miles of water mains, using 25,000,000 gallons every day. The water supply is abundant and pure. No other city surpasses Indianapolis in the excellence of its water for both domestic and commercial purposes.

It has artificial gas at 55c a thousand feet, the scale decreasing to 40c for the large consumers. Indianapolis' cheap fuel is world-famous.

It has an unrivaled street lighting system.

It has one of the most beautiful and best appointed post office buildings in the United States, erected at a cost of $2,000,000.

It has the largest and most inspiring Soldiers' and Sailors' Monument in the world.

It has a Y. M. C. A. building which the public erected at a cost of $250,000; a Y. W. C. A. building which the public provided at a cost of $140,000, and recently completed a colored Y. M. C. A. building at a cost of $100,000.

It has 70 public and 3 high school buildings, valued at $6,423,022.

In the John Herron Art Institute, the city has one of the noted art museums of the United States.

In Fort Benjamin Harrison it has one of the largest United States army posts in the country.

It has 63 hotels, which afford living on any scale desired for conventions of any size.

It has exceptional facilities for national conventions and entertains several hundred thousand visitors every year.

It has one of the largest city market houses of the Middle West which supplies the city with the best products of the country.

It is a city made up largely of home owners, many thousand families occupying their own property.

It is abundantly supplied with apartment houses, large and pretentious.

It is pre-eminently an industrial city because of its geographical location in relation to the general market, because of its exceptional shipping facilities, abundance of labor, the excellence of its labor conditions and the nearness of the fuel supply. Coal from the Indiana field is delivered to power plants at reasonable prices.

It has several very large industrial buildings for small manufacturing concerns, which supply space, power and other facilities at reasonable cost.

It has a public library with immeasurable resources, with numerous branches over the city. The reference library in the Indiana State House is one of the largest and best organized to be found in any American commonwealth.

It is bountifully supplied with schools of music, art, for commercial training, and in medicine and dentistry.

It has in the Normal School of the North American Gymnastic Union one of the great training schools for physical directors.

It is generously supplied with pretentious club houses, gymnasiums, theaters, roof gardens.

It supports a public orchestra, numerous musical organizations and societies which are active in the cultural development of the people.

All in all, Indianapolis is in the fore rank as a delightful American city in which to live, for the spirit of its citizenship is always striving for the general advancement of the community, of the people, and of all civic and commercial interests.

At the Indianapolis stock yards in 1916, more than $75,000,000 worth of live stock was handled.

Indianapolis is the largest producer of hominy in America, only one other city being able to approach its record for this product.

The city is the greatest center for the manufacture of quartered oak veneer in the country.

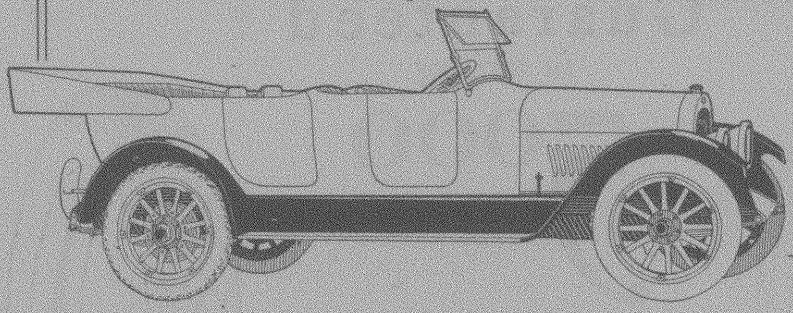
PRODUCTION DOUBLED!

¶People everywhere want Cole Eights—more people than ever before

¶Production has been doubled.

¶And it is doubtful if even this increase will meet the demand.

¶Such leadership—such popularity can be accredited only to Cole performance, Cole quality, Cole ideals.



¶Our engineers have taken advantage of every worthwhile improvement.

¶And Cole coach work, Cole finish, Cole appointments, Cole equipment are unsurpassed.

BUILDERS

Designed by McGUIRE & SHOOK, Architects

This house-buying business is a very serious one for YOU—almost as serious as the choosing of a husband or wife, as you are surely MARRIED to that house and must live with it "for better or for worse." You may buy clothes, furniture, books, autos and other personal property—keep them about you so long as they are pleasing or serviceable, and put them aside when you have tired of them. But the dwelling, in which you have invested your savings of years, is with you "for keeps." Buying "SKINNED" houses is just as much a gamble as buying oil stocks, mining shares or Wall Street margins.

You know the old saying that some people "strain at a gnat and swallow a camel." They are very particular—even fastidious and cranky—in the buying of suits, hats, shoes and all sorts of relatively small things, and then rush off in somebody's accommodating mael in on a sunshiny Sunday and load up with a half-baked, slung-together house (called a "HOME OF YOUR OWN"), pay down all their savings and mortgage their future, and the comforts of their families for an indefinite term of years—all with as little concern for their own financial interests as if they were buying a circus ticket or arranging a summer vacation.

Then, after they have lived in that "home of your own" for a season or two, have watched the cracks appear, the doors sag, windows stick or rattle, have suffered from the cold as did Washington's soldiers at Valley Forge—they WAKE UP. The enchantment—due to that free automobile ride on a sunny Sunday, the glamour of new paint, flowery wallpaper, gaudy (though cheap) hardware and hideous architectural gingerbread—has passed away, and the clear vision of their sober judgment has come. They have a "home of their own", because no one else wants it. Then, what happens? Ninety-nine victims out of every 100 start on a bitter verbal crusade against ALL builders, contractors, lumber dealers and realty men.

You will have yourself to blame if YOU go at the home-buying problem in this unbusinesslike manner and get STUNG. The good Bible says that some people are always learning but never arriving at a knowledge of the truth. One of the simplest truths of everyday business is that you cannot expect to buy something for nothing; another is that you deal with irresponsible people at your own risk. If you want GOOD lawyers, GOOD doctors, GOOD merchandise or good ANYTHING, you must buy where good, reliable advice or property is sold. Now, why not be CONSISTENT? If you want a good HONEST HOUSE, go and buy one where only that kind are made. Fifth avenue quality (the kind you insist upon in most things) cannot be obtained at Bowery prices. It is HIGH TIME for sensible, intelligent and thrifty people to wake up BEFORE they go to sleep in somebody's accommodating auto on a sunny Sunday—and STOP buying, at exorbitant prices, or at any prices, the carpenter-planned boxes that are being run up in this town and sold for "HOMES." Your forefathers built their BARNS much b.tter.

The illustration on this page shows a REAL HOME, a typical INSLEY house. No two are alike. All INSLEY houses are designed in consultation with experienced and talented ARCHITECTS, and the guiding and controlling considerations are comfort, practical service, quality and style. The INSLEY name and reputation for honorable dealing—going back into the history of this city and state almost a hundred years—is behind every statement we make, every contract we sign, and every house we build.

If your lot is FULLY paid for, or if you have enough money to buy a lot—ANYWHERE in Indianapolis—we will build for you a SMALL MODERN HOME, planned by our architects to please you and meet your ideals—either for cash or on convenient monthly payments in place of rent. We do not deal in lots, but confine our business to the building of GOOD houses.

Did you ever stop to figure the value of your rent receipts. A whole BARRELFUL of them—the precious accumulation of several generations would not buy your heirs many pounds of coal or groceries. Renters beg the privilege to live in other people's houses, built with other folk's savings. It was a WISE MAN who said—"With all thy learning, learn wisdom; for what doth it profit a man if he hath seen the castles of many kingdoms and hath not a cottage of his own."

Directory Libraries

¶ Every Polk office has a library of directories of various cities. These are maintained for the convenience of our patrons, and they are constantly supplying information of many different kinds to people who come to use them.

¶ City Directories are City Catalogs. They contain a list of everybody and everything within a city. Many of the more progressive concerns buy directories of various cities as they are issued for mailing list purposes.

EDUCATIONAL

Progressive - Practical - Reliable

THIS institution has always taken advance steps in the teaching of commercial subjects. Its courses are improved and modernized from time to time to keep pace with the rapid development of business and business methods. Needless to say, this fact is recognized by business men all over the state, by their preference for INDIANA BUSINESS COLLEGE GRADUATES. Students from this school *Know How* when they take up work in an office.

By our individual method of instruction, coupled with enthusiastic class drills, every student's needs are met. From the day one enters this school, he is taught with a view to becoming a practical bookkeeper and stenographer. When he is qualified to accept a position, our EMPLOYMENT DEPARTMENT is at his service, and without any cost whatever. This Department is in direct touch with business men and aims to fill positions scientifically.

This is one of the INDIANA BUSINESS COLLEGES, of which Chas. C. Cring is president. These schools are located in the following Indiana cities: Marion, Muncie, Anderson, Lafayette, Richmond, Columbus, Logansport, Washington, Vincennes, Newcastle, Kokomo, Crawfordsville, Peru and Indianapolis.

A good way to determine just what you would like to study and the time to begin, would be to talk it over with us. Of course, we will be pleased to send you the information you want, but if you can come to the school that would be still better.

¶ There must be more than mere electric current to insure satisfaction.

¶ Electricity is vastly more than a commercial product.

¶ You cannot buy it at the counter in a measure and carry it home to be used as you wish or returned if it is not up to the standard of your expectations.

¶ Electricity is a service that you purchase on faith.

¶ The faith of our customers in our ability and desire to serve them to the last word in electrical efficiency is the great asset that has formed the foundation of our growth and business success.

¶ We prize that faith more than we do our great power plants, and we strive to merit and retain it in the quality of our merchandise as well as in the quality of our service.

¶ When you buy electric appliances of us you may place the same faith in them that thousands place in our ability to serve them. For we sell nothing that does not bear the guaranty of its manufacturer and our own assurance of satisfaction.

GASOLINE AND OIL PUMPS

NEVER MORE — NEVER LESS

Shotwell

STANDARD OF ACCURACY

A complete line of measuring pumps and storage tanks for handling gasoline, lubricating oils, kerosene and paint oils in public and private garages, factories, mercantile places and railroad storehouses.

Curb pumps, portable wheel tanks and inside pumps for garage service, first floor and basement outfits, paint oil systems for stores and factories, and lubricating oil storage equipment for dealers, is included in the SHOTWELL line.

You will find in the SHOTWELL system these advantages over other methods. They do away entirely with the old rack and pinion action and the return stroke. They are operated by a continuous forward stroke. By eliminating the return stroke their speed is increased 50% over the old style measuring pumps. Accuracy of measurement is guaranteed. The contact surfaces are completely enclosed and protected from dust. They discharge positive quantities which can neither be increased nor decreased through negligence or design.

Lamson Carrier Service

Pneumatic Tube Systems

For centralizing Cash and Sales slips in retail stores and for carrying letters, requisitions, orders and other papers from place to place in factories, warehouses, business offices, etc. Pneumatic Tubes Centralize Executive Control.

Belt and Selective Conveyors

For speeding up the delivery of packages in department stores and for use wherever a Conveyor is required for packages of moderate size. Selective Conveyors may be designed to pick up or discharge a load at any predetermined point.

Gravity Conveyors

For handling goods in barrels, boxes, packing cases, etc. This type of Conveyor carries packages having one flat surface with no consumption of power. Gravity Conveyors are flexible—they may be run around corners, between floors—practically wherever desired.

Light Elevators

For use in stores, restaurants, factories, warehouses, etc., wherever light loads are carried. These elevators are often furnished with selective mechanisms for stopping the car, or discharging the load at different floors.

Don't Knock—Boost

SELECTED

If you want to live in a kind of a town,
Like the kind of a town you like,
You need'nt slip your clothes in a grip,
And start on a long, long hike.
You'll only find what you left behind,
For there's nothing that's really new;
It's a knock at yourself when you knock your town,
It is'nt your town—its You—

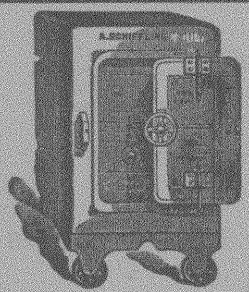
COMPLETELY CURED

I claim to have the most simple, yet the most **wonderful,** most **comfortable,** most **beneficial** rupture appliance ever invented. It has produced results heretofore unheard of. I want to tell you **how** and **why,** want to show you how to **Lock** your rupture so it can't come down, and how to obtain greater **comfort,** greater **benefit** than you have ever known since you were ruptured. I want to send you my illustrated

Rupture Book FREE

I want you to know **why** and **how** the wonderful **Schulling Rupture Lock** produces astonishing results, want you to know what it **has done** and **is doing** for **others,** what it **will** do for you.



Test It Yourself For 30 Days

I send this Lock on **trial.** I let you put it on and **wear** it, **test** it—run, jump, pull, tug, lift, strain, squirm, cough, sneeze and **see** for **yourself.** I want to send you my book, particulars of my trial offer, scores of letters telling what the **Schulling Rupture Lock** has done for others, and full information, **free.** Send me your name and address plainly written, send it now, today—you'll thank me later, sure as you're born. Directory Libraries

¶ Every Polk office has a library of directories of various cities. These are maintained for the convenience of our patrons, and they are constantly supplying information of many different kinds to people who come to use them.

¶ City Directories are City Catalogs. They contain a list of everybody and everything within a city. Many of the more progressive concerns buy directories of various cities as they are issued for mailing list purposes.

Names appearing in BLACK TYPE are patrons of this Directory.

There being no rule for spelling proper names, we would suggest, should you not find the name you desire, that you look for it under every heading synonymous with the one desired.

In case the residence of person in business is not mentioned it indicates that he or she resides at the number of the place of business.

The letter "r" is used to denote persons living at an address as boarders, roomers, members of family, etc., other than householders, who are designated by the letter "h."

NOTE—A directory is simply to give a person's name and address. The occupation or business is to distinguish persons of the same name apart; anything else is advertising.

BOOKWALTER BALL PRINTING COMPANY INDIANAPOLIS QUALITY · CAPACITY · SERVICE

Four Services in One

Art work—engraving—printing—binding—here's an organization equipped to render *all* these services—an organization ready to assume the *complete* responsibility for your printed matter.

ART WORK—We have our own Art Department, where line drawings, wash drawings, and paintings in water color or oil are made—and where good retouching is done.

ENGRAVING—Halftones, zinc etchings, process plates in two, three or four colors—we make them all *in our own Engraving Department*—and make them *right.*

PRINTING—From a simple calling card to an elaborate four-color catalog—we are equipped to handle *every* sort of printing. Our stock of type is of the largest, including three linotype machines. And huge batteries of presses assure you the kind of "presswork" that you want.

BINDING—A spacious, well-lighted bindery, abundantly equipped with labor-saving machinery, finishes each job the way it *ought* to be finished. Everything counted and inspected before delivery.

All right here in one big plant at 36-40 South Pennsylvania Street—all under one management—all in one organization—the largest of its kind in the entire Middle West.

This insert, including the four-color illustration on the opposite side, is the product of the Art, Engraving and Printing Departments of the Bookwalter-Ball Printing Company, Indianapolis
